

NYC-Metro Area Transgender and Gender Non-Conforming (TGNC) Community Resources

Callen-Lorde Community Health Center

Updated 1/31/2013

Compiled by Heath Mackenzie Reynolds

There are many resources out there for Transgender and Gender Non-Conforming (TGNC) people! This is a guide to community organizations and social and supportive services in the NYC-Metro area that are either known to have experience working with TGNC people, or who offer unique services that some in our community might need. However, *the presence of an organization here does not mean that it will be a safe referral for all TGNC people.* If you have any concerns, it is always a good idea to bring a friend or other supportive ally with you.

Finally: Resource guides are always evolving! We hope to keep up-to-date. If you are starting an organization or service for TGNC people and want to be added to this resource guide, please call 212-271-7200 and ask to speak to the Transgender Case Manager.

This guide is created for TGNC people in the NYC-Metro area. Inclusion of organizations here should not be taken to imply endorsement by Callen-Lorde of these organizations.
